SOUND WITH SOUL

El sonido es omnipresente y hacerlo más grande, mejor y más potente, es lo que hacemos en DAS.

**Desde nuestro origen, la pasión, la vocación y el entusiasmo de toda la plantilla han sido los motores de la empresa. Somos conscientes de que para los profesionales del sonido, nuestros productos son herramientas de trabajo y como tal, sus prestaciones, fiabilidad y durabilidad son esenciales.**

Somos una empresa familiar, cuya cultura viene marcada desde el inicio. Creemos en la cercanía al cliente y en apreciar su esfuerzo y sacrificio por alcanzar sus metas. Fomentar y optimizar la calidad de estas relaciones es parte de nuestro ADN.

Nuestras actividades se fundamentan en el respeto por las personas y sus empresas como a la nuestra propia. Nos regimos por un fuerte compromiso con los clientes, los proveedores y los empleados, piedra angular de nuestro éxito.

Desde 1971 nuestro compromiso ha sido la mejora continua de nuestros productos y servicios. Gracias al aprendizaje de estos años, podemos ofrecer soluciones técnicas acordes a las necesidades de cada usuario de nuestros sistemas. Al igual que el sonido, nuestros sistemas están en todas partes, usados diariamente, en cualquier lugar del mundo.

---

Sound is everywhere, and making it bigger, better and more powerful, is what we do at DAS.

**Since our beginning, DAS has been driven by the passion and dedication of our employees. We realize that our products are the tools of the sound professional, and that their performance, durability and reliability are mission critical.**

As a family owned business, our company culture was forged early on. We believe in staying close to our customers, and in appreciating their enthusiasm and sacrifice in doing what they do. Encouraging and optimizing the quality of these relationships is part of our DNA.

Our actions are based on a profound respect for people and their businesses, as well as respect for our own. We maintain a strong commitment to employees, customers and suppliers. This has been the cornerstone of our success.

Since 1971 our commitment has been to constantly improve our products and services. This learning experience has given us the possibility of offering technological solutions that satisfy the needs of DAS users. Just as sound is everywhere, so are our systems, in use every day, somewhere around the world.

### Touring and Live Performance

Usados a diario en todo el mundo, los sistemas line array DAS Aero son conocidos por sus excepcionales prestaciones, fiabilidad y facilidad de uso.

Con la incorporación de las últimas tecnologías DAS en el diseño de transductores, electrónica y gestión de sistemas, los sistemas line array Aero evidencian el compromiso DAS para ofrecer a los usuarios unos sistemas más potentes, compactos y prácticos.

Used daily around the world, the DAS Aero line arrays systems are known for their exceptional performance, reliability and user friendliness.

Incorporating DAS's latest technical achievements in transducer design, power electronics and system management, the Aero line array systems evidence DAS's commitment to provide Aero users with more powerful, more compact and practical systems.

## *DASaim™*

### Touring and Live Performance

Con la tecnología DASaim™ puede lograr los objetivos deseados en segundos:

Nivel de SPL controlado con distancia.

Uniformidad de respuesta en frecuencia para todo el público.

Dirección digital del patrón de radiación vertical del array a las áreas de escucha.

Reduzca el SPL en áreas que deben evitarse como el escenario o balcones no utilizados.

Simplifique y agilice sus tiempos de diseño y configuración.

Mejore la inteligibilidad.

Mejore y haga su array más flexible sin el costo de procesadores externos, amplificadores procesados o cableado adicional y un FIR por recinto significa resolución máxima de espacio y control hasta frecuencias más altas.

With DASaim™ technology you can achieve your desired goals in seconds:

Controlled SPL level with distance.

Frequency response uniformity for the whole audience.

Digital steering of the vertical radiation pattern of the array to the listening areas.

Reduce the SPL in areas to be avoided like the stage or unused balconies.

Simplify and speed-up your design and set-up times.

Improve intelligibility.

Improve and make your array more flexible without the cost of external processors, processed amplifiers, or extra cabling and one FIR per cabinet means maximum space resolution and control up to higher frequencies.

## Touring and Live Performance

El DASnet™ Rack es un sistema de distribución de energía, señal y datos ensamblado en un robusto rack.

Comprende paneles de conexiones DASnet™ y un distribuidor de energía de 32 A por fase que puede alimentar hasta dos paneles de conexiones DASnet™.

The DASnet™ Rack is a data, signal and power distribution system housed in a rugged touring rack.

The rack comprises DASnet™ patch panels and 32 A per phase power distro which can power two DASnet™ patch panels.

### **Touring and Live Performance**

La excepcional serie de subgraves UX está disponible tanto en las versiones autoamplificadas como pasivas de sus formatos 2 x 18" como 2 x 21".

La serie UX se incorpora a la gama de productos DAS como respuesta a la demanda de subgraves de alta potencia en formato compacto y de fácil transporte.

The exceptional range of the UX subwoofer systems offers both powered and passive versions in the 2 x 18" and 2 x 21" formats.

The UX series enters the line-up of DAS products in response to demands for high output subwoofer systems in a compact, truck-pack friendly format.

## LX-118A

ROAD-12A/ROAD-12A.NET  
ROAD-15A/ROAD-15A.NET

### **Touring and Live Performance**

La serie de monitores de escenario Road ha sido diseñada para mejorar la actuación del artista y por consiguiente asegurar el éxito del evento.

La serie Road emplea una configuración de dos-vías autoamplificadas. El recinto de compactas dimensiones ofrece un diseño de bajo perfil sin sacrificar potencia ni calidad sonora.

The Road series stage monitors have been designed to enhance the artist's performance and consequently the success of the event.

The Road series employs a two-way configuration and a reduced enclosure size to provide a low profile design without sacrificing power handling or sound quality.

## ROAD-12A/ROAD-12A.NET

**Puntos** Monitor escenario autoamplificado de bajo perfil  
**Clave** Bi-amplificación Clase D 550 W LF + 220 W HF  
 1 x altavoz DAS 12"  
 1 x motor de compresión M-75  
 Panel de conectores y LEDS escondidos  
 Versiones derecha-izquierda  
 Gestión y monitoreo remotos vía DASnet™ (versión .net)

**Key** Powered low-profile stage monitor system  
**Features** Class D bi-amplification 550 W LF + 220 W HF  
 1 x DAS 12" loudspeaker  
 1 x M-75 compression driver  
 Hidden connector panel and LEDS  
 Right and left hand versions  
 Remote monitoring and control via DASnet™ (.net version)

### **Portable Sound Reinforcement**

#### **Más DAS que nunca...**

Los sistemas Event ponen a tu alcance las mundialmente aclamadas prestaciones DAS como nunca antes. Para aplicaciones portátiles en directo o instalaciones fijas, los Event Line Array han sido diseñados para proporcionar un excepcional sonido, una constante fiabilidad y un valor incomparable como herramientas de trabajo.

#### **More DAS than ever...**

The Event Line Arrays put the world acclaimed DAS performance within your reach like never before. For portable live sound applications, or fixed installations in almost any type of venue, the Event Line Arrays have been designed to provide exceptional sound, steadfast reliability and value beyond comparison.

## EVENT-208A

<b>Puntos Clave</b>	Line array tres vías autoamplificado Ligero amplificador Clase D Componentes DSP de alta gama Sistema configuración Easy-DSP™ 2 x altavoces DAS 8" en configuración doble-banda 1 x motor DAS M-75 Recinto de abedul de alta calidad Sistema profesional de volado rápido

**DASlink™**  
**DASlink™**  
GROUP MANAGER  
**DAScontrol™**

DAS presenta la serie Vantec de sistemas portátiles. Ideal para cualquier aplicación que requiera gran sonido y facilidad de uso, la serie Vantec está disponible en versiones tanto pasivas como autoamplificadas.

El DSP configurable con pantalla LCD, avanzada amplificación Clase D y transmisión inalámbrica de música, son algunas de las características que hacen de la Serie Vantec la elección perfecta.

DAS presents the Vantec series of portable systems. Ideal for any application requiring great sound and ease-of-use, the Vantec Series is available in both powered and passive versions.

User configurable DSP with LCD screen, advanced Class D amplification and wireless streaming of music are just a few of the features that make the Vantec Series the perfect choice.

## VANTEC-12A/VANTEC-12

Puntos Clave	Sistema multipropósito autoamplificado Biamplicación Clase D 1500 W 1 x altavoz DAS de 12" 1 x motor de compresión M-28 DSP definible por el usuario con pantalla LCD Streaming inalámbrico de música en alta definición Vaso para trípode con doble ángulo (0°/10°) Posición monitor escenario y puntos de volado Vantec 12 es la versión pasiva
-----------------	---

Key Features	Powered multi-purpose system Class D bi-amplification 1500 W 1 X 12" DAS loudspeaker 1 x M-28 compression driver User definable DSP with LCD screen Wireless music streaming in high definition Dual angle pole mount 0°/10° Floor monitor position and rigging points Passive version is the Vantec 12

### **Portable Sound Reinforcement**

***DAScontrol™***

Action 500 es una serie que proporciona potencia y definición para un sonido de éxito. Comparte con el resto de sistemas profesionales DAS una excepcional calidad de sonido y una sólida construcción derivadas de la experiencia del "mundo real".

El resultado es un producto que ofrece un rendimiento extraordinario, una absoluta fiabilidad y una facilidad de uso sin precedentes.

Unas cualidades que se pueden poner a prueba tanto en una instalación de alto nivel como sobre el escenario de un gran evento.

The Action 500 Series inherits the exceptional sound quality and rugged build that have made DAS professional systems an international sound reinforcement standard.

Designed from "real-world" experience, they offer users outstanding performance, absolute reliability, and unparalleled convenience.

Whether in a high-profile venue or a major event, the Action 500 Series will provide the power and definition needed to make your performance a success.

## ACTION-508A/ACTION-508

<b>Puntos Clave</b>	<p>Sistema multipropósito autoamplificado          Biamplicación Clase D 720 W          Interfaz DAScontrol™ para facilitar el montaje y ajuste          1 x altavoz DAS de 8"          1 x motor de compresión M-34          Reducido tamaño y bajo peso          Posición monitor escenario y puntos de volado          Action-508 es la versión pasiva</p>
-------------------------	---

<b>Key Features</b>	<p>Powered multi-purpose system          Class D bi-amplification 720 W          DAScontrol™ interface for easy setup and adjustment          1 X 8" DAS loudspeaker          1 x M-34 compression driver          Reduced size and weight          Stage monitor position and rigging points          Passive version is the Action-508</p>
-------------------------	--

## ACTION-512A/ACTION-512

<b>Puntos Clave</b>	<p>Sistema multipropósito autoamplificado          Biamplicación Clase D 1000 W          Interfaz DAScontrol™ para facilitar el montaje y ajuste          1 x altavoz DAS de 12"          1 x motor de compresión M-34          Vaso estándar de 35 mm para trípode 0°-10°          Posición monitor escenario y puntos de volado          Action-512 es la versión pasiva</p>
-------------------------	--

<b>Key Features</b>	<p>Powered multi-purpose system          Class D bi-amplification 1000 W          DAScontrol™ interface for easy setup and adjustment          1 X 12" DAS loudspeaker          1 x M-34 compression driver          Standard 35 mm pole mount socket 0°-10°          Stage monitor position and rigging points          Passive version is the Action-512</p>
-------------------------	--

## ACTION-M512A/ACTION-M512

<b>Puntos Clave</b>	<p>Monitor escenario autoamplificado de bajo perfil          Biamplicación Clase D 1000 W          Interfaz DAScontrol™ para facilitar el montaje y ajuste          1 x altavoz DAS 12"          1 x motor de compresión M-34          Selector EQ main/monitor          Control de ganancia y conmutador micro/línea          Action-M512 es la versión pasiva</p>
-------------------------	---

<b>Key Features</b>	<p>Powered low-profile stage monitor system          Class D bi-amplification 1000 W          DAScontrol™ interface for easy setup and adjustment          1 x DAS 12" loudspeaker          1 x M-34 compression driver          Main/Monitor EQ selector          Gain control and mic/line switch          Passive version is the Action-M512</p>
-------------------------	---

## ACTION-515A/ACTION-515

<b>Puntos Clave</b>	<p>Sistema multipropósito autoamplificado          Biamplicación Clase D 1000 W          Interfaz DAScontrol™ para facilitar el montaje y ajuste          1 x altavoz DAS de 15"          1 x motor de compresión M-34          Vaso estándar de 35 mm para trípode 0°-10°          Posición monitor escenario y puntos de volado          Action-515 es la versión pasiva</p>
-------------------------	--

<b>Key Features</b>	<p>Powered multi-purpose system          Class D bi-amplification 1000 W          DAScontrol™ interface for easy setup and adjustment          1 X 15" DAS loudspeaker          1 x M-34 compression driver          Standard 35 mm pole mount socket 0°-10°          Stage monitor position and rigging points          Passive version is the Action-515</p>
-------------------------	--

## ACTION-525A/ACTION-525

<b>Puntos Clave</b>	<p>Sistema amplia gama autoamplificado          Biamplicación Clase D 1000 W          Interfaz DAScontrol™ para facilitar el montaje y ajuste          2 x altavoz DAS de 15"          1 x motor de compresión M-44          Respuesta en graves poderosa          Puntos de volado          Action-525 es la versión pasiva</p>
-------------------------	--

<b>Key Features</b>	<p>Powered full-range system          Class D bi-amplification 1000 W          DAScontrol™ interface for easy setup and adjustment          2 X 15" DAS loudspeaker          1 x M-44 compression driver          Powerful bass response          Rigging points          Passive version is the Action-525</p>
-------------------------	---

## ACTION-S18A/ACTION-S18

<b>Puntos Clave</b>	<p>Subgraves compacto autoamplificado          Amplificador Clase D 1500 W          Interfaz DAScontrol™ para facilitar el montaje y ajuste          1 x altavoz DAS 18"          Selector EQ Deep/Loud          Conmutador con función Filtro/Loop Thru          Filtro pasa-altos variable de 60-160 Hz          Control de ganancia e inversor de polaridad          Action-S18 es la versión pasiva</p>
-------------------------	---

<b>Key Features</b>	<p>Powered compact subwoofer system          Class D 1500 W amplifier          DAScontrol™ interface for easy setup and adjustment          1 x DAS 18" loudspeaker          Deep/Loud EQ selector          Filtered output defeat switch          Variable 60-160 Hz high-pass filter          Gain control and polarity switch          Passive version is the Action-S18</p>
-------------------------	---

## ACTION-S118A

**Puntos** Subgraves de bocina autoamplificado  
**Clave** Amplificador Clase D 3200 W  
 1 x altavoz DAS de 18" larga excursión  
 Selector EQ Deep/Loud  
 Conmutador con función Filtro/Loop Thru  
 Filtro pasa-altos variable de 80-125 Hz  
 Control de ganancia e inversor de polaridad

**Key** Powered horn-bass subwoofer system  
**Features** Class D 3200 W amplifier  
 1 x DAS 18" long excursion woofer  
 Deep/Loud EQ selector  
 Filtered output defeat switch  
 Variable 80-125 Hz high-pass filter  
 Gain control and polarity switch

## ACTION-S218A/ACTION-S218

**Puntos** Subgraves autoamplificado alto rendimiento  
**Clave** Amplificador Clase D 3200 W  
 2 x altavoces DAS de 18"  
 Selector EQ Deep-Loud  
 Conmutador con función Filtro/Loop Thru  
 Filtro pasa-altos variable de 100-160 Hz  
 Control de ganancia e inversor de polaridad  
 Action-S218 es la versión pasiva

**Key** Powered high-performance subwoofer  
**Features** Class D 3200 W amplifier  
 2 x DAS 18" loudspeaker  
 Deep-Loud EQ selector  
 Filtered output defeat switch  
 Variable 100-160 Hz high-pass filter  
 Gain control and polarity switch  
 Passive version is the Action-S218

### Portable Sound Reinforcement

**DASlink™**  
**DASlink™**  
GROUP MANAGER  
**DAScontrol™**

Los sistemas autoamplificados Altea te ofrecen un control sobre el sonido como nunca antes.

Gracias al interfaz DAScontrol™, se facilita el ajuste de la configuración de los sistemas Altea para proporcionar el mejor sonido. Ahora con la introducción de DASlink GM™, una aplicación inteligente "todo en uno" que conecta de manera inalámbrica con los sistemas autoamplificados Vantec y Altea.

Con DASlink™ se puede monitorear y controlar numerosas funciones de los sistemas mientras se comparte audio estéreo de alta definición con sistemas Vantec y Altea desde dispositivos móviles.

The Altea powered systems give you more control over your sound than ever before.

Thanks to the DAScontrol™ interface, tailoring the configuration of the Altea systems to provide the best sound possible is easy. Now, with the introduction of DASlink GM™, our all-in-one smart device app which connects with Vantec and Altea powered systems with wireless functionality.

With DASlink™, you can monitor and control numerous system functions while streaming high-definition stereo audio to Vantec or Altea systems from mobile devices.

# APP todo-en-uno para dispositivos móviles

All-in-one  
smart device app

## FUNCIONES/FUNCTIONS DASlink™

Use DASlink™ para conectar su dispositivo móvil a una pareja de sistemas Altea o Vantec. Comparta música en estéreo de alta definición mientras controla numerosas funciones del sistema de manera remota.

Streaming de música en estéreo de alta definición  
Control principal de ganancia  
Monitoreo de ganancia de entrada y salida  
Selector de filtros pasa-altos para uso con subgraves  
Selectores de preajustes  
EQ tres bandas con ajustes deslizantes  
Configuración de unidades auxiliares  
Ajuste del retardo en metros o pies  
Modo standby on/off  
Pantalla LCD con atenuación, logo on/off  
Control de grupos de cajas con DASlink™ Group Manager

Use DASlink™ to connect your mobile device to a pair of Altea and Vantec systems. Stream music in high definition stereo while controlling numerous system functions remotely.

High definition streaming of music in stereo  
Master gain control  
Input and output gain monitoring  
High-pass filter selection for use with subs  
Presets selection  
3-band EQ adjustment with sliders  
Configure slave units  
Configure system delay in meters or feet  
Standby mode on/off  
LCD screen dimming, logo on/off  
Control of groups of systems with DASlink™ Group Manager

## FUNCIONES/FUNCTIONS DASlink GM™

Use DASlink™ Group Manager para crear grupos, monitorizar y controlar los parámetros DSP de diferentes modelos de los sistemas Altea y Vantec. Vúmetros en tiempo-real y un ingenioso sistema de parpadeo del logo ayudar a identificar cada sistema, incluso en la oscuridad.

Ganancia Principal  
Preajustes de Sistema  
Número de Unidades  
EQ de 3 Bandas  
Filtro Paso-Altos

Tiro  
Retardo  
Opciones Sistemas  
Mute/Solo por grupos

Use DASlink™ Group Manager to create groups and wirelessly monitor and control DSP parameters of different models of Altea and Vantec. Real-time VU meters for each speaker and a clever logo blink functions helps to visually identify speakers, even in the dark.

## Professional Installation

La serie Sound Force ha sido diseñada para ofrecer un sonido excepcional, una potencia fuera de lo común y un aspecto impactante, requisitos claves en las discotecas actuales de alto nivel.

Desarrollada para ofrecer prestaciones y fiabilidad, construida para cumplir con los estándares más exigentes. Sound Force de DAS Audio. La primera opción para los clubs más selectos de todo el mundo.

The Sound Force Series of systems has been designed for today's high-level dance venues where exceptional sound, imposing power and impressive looks are key requisites.

Developed for performance and reliability, built to exacting standards-Sound Force by DAS Audio. The first choice for high-level dance clubs worldwide.

## SF-10

Puntos	1 x altavoz de bajas frecuencias 10P
Clave	1 x motor de compresión M-60N Posicionamiento vertical/horizontal Difusor rotable 110° x 50° Anclajes de rosca para soporte VESA-75/VESA-100

Key	1 x 10P low frequency loudspeaker
Features	1 x M-60N compression driver Vertical or horizontal positioning Rotatable 110° x 50° horn VESA-75/VESA-100 standard threaded mounting points

## SF-26

Puntos	2 x altavoces de bajas frecuencias 6P
Clave	1 x motor de compresión M-34 Posicionamiento vertical/horizontal Difusor 80° x 80° Anclajes de rosca para soporte VESA-75/VESA-100

Key	2 x 6P low frequency loudspeakers
Features	1 x M-34 compression driver Vertical or horizontal positioning 80° x 80° horn VESA-75/VESA-100 standard threaded mounting points

## SF-112

Puntos	1 x 12" rango medio con carga de bocina
Clave	1 x motor de compresión de neodimio M-75N 2 x tweeter de bala para muy altas frecuencias Colores personalizables opcionalmente Accesorios específicos para apilado y volado

Key	1 x 12" horn loaded mid-range
Features	1 x M-75N neodymium compression driver 2 x bullet tweeters for brilliant HF reproduction Optional custom color schemes Specific hardware for rigging and stacking

## SF-158

Puntos Clave	Sistema de amplia gama 3 vías 1 x altavoz 15GMR en configuración pasa-banda 1 x altavoz de medios 8AN con carga de bocina 1 x motor de compresión M-75N Selector modo de operación biamp/triamp Ángulos de cobertura estrecha 40° x 30° Difusor rotable para posición horizontal o vertical
-----------------	---

Key Features	Three-way full-range system 1 x 15GMR bass loudspeaker in band-pass enclosure 1 x 8AN horn loaded mid-range loudspeaker 1 x M-75N neodymium compression driver Selectable biamp/triamp operating modes Tight 40° x 30° coverage angles Rotatable horn for vertical or horizontal positioning
-----------------	--

## SF-212

Puntos Clave	Sistema subgraves compacto bass-reflex 1600 W programa de potencia 2 x altavoces de bajas frecuencias 12P, 3 VCD Utilización en sistemas biamplificados
-----------------	--

Key Features	Compact bass-reflex subwoofer system 1600 W program power handling 2 x 12P low frequency loudspeakers, 3 VCD For use in bi-amplified systems
-----------------	---

## SF-215

Puntos Clave	2 x altavoz de graves 15GMR Recinto con diseño elegante Configuración pasa banda Colores personalizables opcionalmente Accesorios específicos para apilado y volado
-----------------	---

Key Features	2 x 15GMR loudspeakers for tight bass Elegant cabinet design Band-pass configuration Optional custom color schemes Specific hardware for rigging and stacking
-----------------	---

## SF-218

**Puntos  
Clave** Subgrave de altas prestaciones para amplificación externa  
Doble altavoz de larga excursión 18UXN  
Configuración carga frontal y tiro cruzado  
Sólida construcción en contrachapado de abedul

**Key  
Features** High performance subwoofer system for external amplification  
Two 18UXN long-excursion loudspeakers  
Front loaded cross-fire configuration  
Solid Birch plywood construction

## SF-221

**Puntos  
Clave** Sistema de ultra bajas frecuencias de alta potencia  
Dos altavoces de neodimio 21UXN de 21" con bobina de 6"  
Sólida construcción en contrachapado de abedul de 21 mm  
Reproducción de graves potente y controlada

**Key  
Features** High power ultra low frequency system  
Twin 21" neodymium 21UXN loudspeakers with 6" voice coils  
Solid 21 mm Birch plywood construction  
Powerful and controlled bass reproduction

-----------------	--

## SF-1521A

Puntos Clave	Sistema híbrido de subgraves autoamplificado 1 x altavoz de medios-bajos 15GNR 1 x altavoz de bajas frecuencias 21UXN4 Amplificador de dos canales Clase D 3400Wpico por canal Capacidad de gestión y monitoreo remotos DASnet™ Sistema de medios-bajos asociado SF-20A
-----------------	--

Key Features	Powered Hybrid subwoofer system 1 x 15GNR mid-bass speaker 1 x 21UXN4 low frequency speaker Two channel Class D amplifier 3400Wpeak per channel DASnet™ remote monitoring and control capable Companion mid-high system SF-20A
-----------------	---

## SF-30A

Puntos Clave	Sistema de subgraves autoamplificado Cono de polietileno de alta densidad de 30" Diseño único de motor lineal con imán móvil Amplificador de altísima potencia con 7500 Wcontinuos Control Diferencial de Presión (DPC®) Capacidad de gestión y monitoreo remotos DASnet™ Incomparables prestaciones frente a sistemas convencionales
-----------------	---

Key Features	Powered subwoofer system Single 30" high density polyethylene cone Unique moving magnet linear motor design 7500 Wcontinuous ultra high power amplifier design Differential Pressure Control® DASnet™ remote monitoring and control capable Unmatched performance compared to conventional systems
-----------------	--

## SF-MONITOR

El SF-Monitor (SF-M) es un sistema monitor DJ autoamplificado diseñado por DAS para los mejores DJs del mundo. El impresionante SF-Monitor comprende la unidad de medios-agudos autoamplificada SF-20A, disponible en versiones derecha-izquierda (SF-20AR/SF-20AL) para una simetría acústica en la cabina del DJ, y el SF-1521A ACTV-Hybrid Sub™, un innovador sistema de bajas frecuencias de dos vías.

Un sistema de apilado permite montar el SF-20A sobre el subgrave SF-1521A y angular según las preferencias del DJ. Tanto el SF-20A como el SF-1521A se pueden gestionar mediante el sistema de control y monitorización remoto DASnet™.

El SF-Monitor es un verdadero sistema "plug-and-play". La señal de audio puede ser enviada directamente al SF-1521A desde la mesa del DJ y puentado al SF-20A gracias a los preajustes en cada sistema, que permiten alinearlos sin la necesidad de un DSP externo.

The SF-Monitor (SF-M) is a powered DJ monitor system designed by DAS for discerning DJ's world-wide. The impressive SF-Monitor comprises the SF-20A powered mid-high unit available in right and left hand versions (SF-20AR/SF-20AL) for acoustic symmetry in the DJ booth, and the SF-1521A ACTV-Hybrid Sub™, an innovative two-way low frequency system.

Specially designed stacking hardware allows the SF-20A to be mounted on the SF-1521A subwoofer and angled at the DJ's preference. Both the SF-20A and the SF-1521A are DASnet™ capable, allowing for remote monitoring and control of the systems.

The SF-Monitor is a true plug-and-play system. The audio signal can be sent to the SF-1521A directly from the DJ mixer and then looped to the SF-20A thanks to the system presets located on the SF-20A and SF-1521A which align the two units without the need of an external DSP.

# Estadios e instalaciones de gran tamaño

## Stadium and large-scale installations

Hangzhou Olympic Tennis Center, China

## *HQ series*

HQ-112.43/64/95

HQ-212.64/95

HQ-218

### Professional Installation

La Serie HQ de DAS ha sido diseñada para instalaciones de medio y gran tamaño como pabellones, estadios, auditorios y teatros.

Los modelos HQ ofrecen un estrecho control sobre la cobertura y gran capacidad de potencia, permitiendo su uso individualmente o en configuraciones tipo array de unidades múltiples.

Los recintos incluyen recubrimientos interiores y exteriores de última generación para mayor resistencia a la intemperie y mayor durabilidad en condiciones extremas.

The DAS HQ series is designed for medium to large scale installations such as arenas, auditoriums, stadiums and theaters.

The HQ models offer tightly controlled coverage patterns and high output capabilities being usable individually, or in multiple unit arrays.

The series enclosures incorporate cutting-edge interior and exterior coatings for weather resistance and extended durability in extreme environments.

### Professional Installation

La serie WR de sistemas resistentes a la intemperie, ofrece una configuración flexible de sistemas que están tratados para resistir a la intemperie y prolongar su duración en entornos ambientalmente extremos.

La serie WR ofrece dos niveles de protección en función de su ubicación, CX (Covered Exposure) para instalaciones cubiertas al aire libre o DX (Direct Exposure) para instalaciones al aire libre en las que los sistemas están expuestos directamente a las inclemencias meteorológicas.

The WR (Weather Resistant) series products offer flexible system configuration as well as special treatment for weather resistance and extended durability in extreme environments.

The WR Series offers two exposure ratings: CX (covered exposure) for applications where cabinets are covered or protected, and DX (direct exposure) where cabinets are unprotected and directly exposed to the environment.

## Professional Installation

Los sistemas DAS con certificación EN54-24 son ideales para su uso en sistemas de evacuación o cualquier aplicación que requiera sonido de calidad, potente y claro.

Gracias a su robustez y prestaciones certificadas bajo condiciones climáticas y mecánicas adversas, los modelos EN54-24 son adecuados para su uso en sistemas de evacuación por voz en condiciones extremas, tanto interiores como exteriores.

The DAS EN54-24 certified speakers are ideal for use in life safety applications or anywhere clear, powerful high-quality audio is needed.

Thanks to their robustness and certified performance under adverse climatic and mechanical conditions, the EN54-24 models are suitable for use in voice evacuation systems, both indoors or extreme outdoor environments.

## WR-8826-CX/DX

### **Professional Installation**

Los sistemas de la serie Artec-500, de diseño discreto y elegante, han sido desarrollados para ofrecer una amplia cobertura y gran nivel de presión sonora.

Son, por ello, ideales para proporcionar cobertura bajo balcón, para relleno de áreas o aplicaciones de campo cercano.

Además, gracias a sus reducidas dimensiones y sus accesorios de montaje, pueden ser instalados en paredes, techos o columnas con un impacto visual mínimo, integrándose perfectamente en espacios públicos como hoteles, restaurantes y centros de convenciones.

The Artec-500 Series full range systems have been designed to provide wide coverage and high SPL in a visually discrete package.

The Artec-500 products can be installed on walls, ceilings or columns thanks to an extensive selection of optional mounting accessories.

The ideal choice for under balcony, area fill and near field applications, their reduced dimensions and sleek styling fits perfectly into multiple surroundings including hotels, restaurants, and karaoke clubs.

## ARTEC-506A/ARTEC-506

**Puntos** Sistema dos vías autoamplificado  
**Clave** Bi-amplificación Clase D 1080 Wpico  
 1 x altavoz DAS de 6"  
 1 x motor de compresión M-34  
 Reducido tamaño y bajo peso  
 Anclajes de rosca para accesorios de montaje  
 Artec-506 es la versión pasiva

**Key** Powered two-way system  
**Features** Class D bi-amplification 1080 Wpeak  
 1 X 6" DAS loudspeaker  
 1 x M-34 compression driver  
 Reduced size and weight  
 Threaded fixing points for mounting accessories  
 Passive version is the Artec-506

## ARTEC-526A/ARTEC-526

**Puntos** Sistema multipropósito autoamplificado  
**Clave** Bi-amplificación Clase D 1080 Wpico  
 2 x altavoz DAS de 6"  
 1 x motor de compresión M-34  
 Reducido tamaño y bajo peso  
 Anclajes de rosca para accesorios de montaje  
 Artec-526 es la versión pasiva

**Key** Powered multi-purpose system  
**Features** Class D bi-amplification 1080 Wpeak  
 2 X 6" D.A.S. loudspeaker  
 1 x M-34 compression driver  
 Reduced size and weight  
 Threaded fixing points for mounting accessories  
 Passive version is the Artec-526

## ARTEC-508A/ARTEC-508

**Puntos** Sistema dos vías autoamplificado  
**Clave** Bi-amplificación Clase D 1080 Wpico  
 1 x altavoz DAS de 8"  
 1 x motor de compresión M-34  
 Vaso estándar de 35 mm para trípode  
 Anclajes de rosca para accesorios de montaje  
 Artec-506 es la versión pasiva

**Key** Powered two-way system  
**Features** Class D bi-amplification 1080 Wpeak  
 1 X 8" DAS loudspeaker  
 1 x M-34 compression driver  
 Standard 35 mm pole mount socket  
 Threaded fixing points for mounting accessories  
 Passive version is the Artec-508

## ARTEC-510A/ARTEC-510

**Puntos** Sistema dos vías autoamplificado  
**Clave** Bi-amplificación Clase D 1080 Wpico  
 1 x altavoz DAS de 10"  
 1 x motor de compresión M-60N  
 Vaso estándar de 35 mm para trípode  
 Anclajes de rosca para accesorios de montaje  
 Artec-510 es la versión pasiva

**Key** Powered two-way system  
**Features** Class D bi-amplification 1080 Wpeak  
 1 X 10" DAS loudspeaker  
 1 x M-60N compression driver  
 Threaded fixing points for mounting accessories  
 Standard 35 mm pole mount socket  
 Passive version is the Artec-510

## ARTEC-S15A/ARTEC-S15

**Puntos** Subgraves compacto autoamplificado  
**Clave** Amplificador Clase D 2000 Wpico  
 1 x altavoz DAS de 15"  
 Selector de preajuste cardioide  
 Conmutador con función Filtro/Loop Thru  
 Filtro LPF variable de 100-160 Hz  
 Control de ganancia e inversor de polaridad  
 Artec-S15 es la versión pasiva

**Key** Powered ultra compact subwoofer  
**Features** Class D 2000 Wpeak amplifier  
 1 x DAS 15" loudspeaker  
 Cardioid preset selector  
 Filtered output defeat switch  
 Variable 100-160 Hz LPF filter  
 Gain control and polarity switch  
 Passive version is the Artec-S15

### **Professional Installation**

Los sistemas Artec-300 de DAS Audio están diseñados para su uso en un amplio rango de aplicaciones fijas de refuerzo de sonido.

Actualmente están disponibles en 8 modelos pasivos que comprenden sistemas de dos vías de 6", 8", 10" 12" y 15", doble 6", line array doble 10" y subgrave pasivo doble 12".

Ofreciendo un diseño elegante y un rendimiento excepcional, la nueva serie Artec-300 es una opción ideal para todo tipo de instalaciones, desde un elegante club a instalaciones educativas.

The DAS Audio Artec-300 series loudspeakers are designed for use in a wide range of fixed sound reinforcement applications.

They are presently available in 8 passive models comprising 6", 8", 10", 12" and 15" two-ways, a double 6" two-way, a double 10" line array and a passive double 12" subwoofer.

Offering an elegant design and exceptional performance, the new Artec-300 series is a great choice for everything from elegant nightclub installations to educational facilities.

## ARTEC-306/ARTEC-306-T

Puntos	1 x altavoz de bajas frecuencias 6B
Clave	1 x motor de compresión M-26
	Posicionamiento vertical/horizontal
	Difusor rotatable 90° x 60°
	Anclajes de rosca para soporte VESA-75/VESA-100
	Versión con transformador de línea disponible

Key	1 x 6B low frequency loudspeaker
Features	1 x M-26 compression driver
	Vertical or horizontal positioning
	Rotatable 90° x 60° horn
	VESA-75/VESA-100 standard threaded mounting points
	Version with factory-installed line transformer available

## ARTEC-326/ARTEC-326-T

Puntos	2 x altavoces de bajas frecuencias 6B
Clave	1 x motor de compresión M-26
	Posicionamiento vertical/horizontal
	Difusor rotatable 90° x 60°
	Anclajes de rosca para soporte VESA-75/VESA-100
	Versión con transformador de línea disponible

Key	2 x 6B low frequency loudspeakers
Features	1 x M-26 compression driver
	Vertical or horizontal positioning
	Rotatable 90° x 60° horn VESA-75/VESA-100 standard threaded mounting points
	Version with factory-installed line transformer available

## ARTEC-308/ARTEC-308-T

Puntos	1 x altavoz de bajas frecuencias 8B
Clave	1 x motor de compresión M-26
	Posicionamiento vertical/horizontal
	Difusor rotatable 90° x 60°
	Anclajes de rosca para soporte VESA-75/VESA-100
	Versión con transformador de línea disponible

Key	1 x 8B low frequency loudspeaker
Features	1 x M-26 compression driver
	Vertical or horizontal positioning
	Rotatable 90° x 60° horn
	VESA-75/VESA-100 standard threaded mounting points
	Version with factory-installed line transformer available

## ARTEC-310.64/ARTEC-310.64-T ARTEC-310.96/ARTEC-310.96-T

<b>Puntos</b>	1 x altavoz de bajas frecuencias 10MI, 2.5" VCD
<b>Clave</b>	1 x motor de compresión M-34 Difusor rotatable 90° x 60° (310.96) o 60° x 40° (310.64) Posicionamiento vertical/horizontal Anclajes de rosca para soporte VESA-75/VESA-100 Versión con transformador de línea disponible

<b>Key</b>	1 x 10MI low frequency loudspeaker, 2.5" VCD
<b>Features</b>	1 x M-34 compression driver Rotatable 90° x 60° (310.96) or 60° x 40° (310.64) horns Vertical or horizontal positioning VESA-75/VESA-100 standard threaded mounting points Version with factory-installed line transformer available

## ARTEC-312.64/96

<b>Puntos</b>	1 x altavoz de bajas frecuencias 12MI, 2.5" VCD
<b>Clave</b>	1 x motor de compresión M-34 Difusor rotatable 90° x 60° (312.96) o 60° x 40° (312.64) Posicionamiento vertical/horizontal

<b>Key</b>	1 x 12MI low frequency loudspeaker, 2.5" VCD
<b>Features</b>	1 x M-34 compression driver Rotatable 90° x 60° (312.96) or 60° x 40° (312.64) horns Vertical or horizontal positioning

## ARTEC-315.64/96

<b>Puntos</b>	1 x altavoz de bajas frecuencias 15MI, 2.5" VCD
<b>Clave</b>	1 x motor de compresión M-34 Difusor rotatable 90° x 60° (315.96) o 60° x 40° (315.64) Posicionamiento vertical/horizontal

<b>Key</b>	1 x 15MI low frequency loudspeaker, 2.5" VCD
<b>Features</b>	1 x M-34 compression driver Rotatable 90° x 60° (315.96) or 60° x 40° (315.64) horns Vertical or horizontal positioning

## ARTEC-320

**Puntos Clave** Line array de instalación fija  
2 x altavoces de bajas frecuencias 10MI, 2.5" VCD  
1 x motor de compresión DAS M-75  
Sistema de suspensión para instalación fija  
Suspensión compatible con Artec-322S

**Key Features** Installation Line Array  
2 x 10MI low frequency loudspeakers, 2.5" VCD  
1 x DAS M-75 compression driver  
Rigging system for permanent installation  
Rigging compatible with the Artec-322S

## ARTEC-322S

**Puntos Clave** Sistema subgraves compacto bass-reflex  
1600 Wprograma de potencia  
2 x altavoces de bajas frecuencias 12P, 3" VCD  
Utilización en sistemas biamplificados  
Suspensión compatible con Artec-320

**Key Features** Compact bass-reflex subwoofer system  
1600 Wprogram power handling  
2 x 12P low frequency loudspeakers, 3" VCD  
For use in bi-amplified systems  
Rigging compatible with the Artec 320

Indochine Restaurant, Spain

Q-10A/Q-10

### **Professional Installation**

Sistemas de instalación de alta inteligibilidad y cobertura vertical configurable, ideales para espacios con condiciones acústicas complejas o experiencias envolventes.

Los recintos de los sistemas Quantum están fabricados en extrusión de aluminio, lo que aporta una robustez excepcional. La serie Quantum es ideal para funcionar como sistema principal en instalaciones con ambientes reverberantes como centros de culto, museos, o centros de conferencias.

The Quantum systems are designed for fixed-venue installations and offer outstanding speech intelligibility and configurable vertical coverage, suitable for spaces with complex acoustic conditions and immersive experiences.

The enclosures of the Quantum series are made from extruded aluminum which offers exceptional robustness. Ideal as the main PA in reverberant spaces such as houses of worship, museums, and conference centers.

## Q-3-T

Puntos Clave	Sistema pasivo Recinto de aluminio Altavoz de amplia gama 1 x 3", 3P Dispersión H x V: 120° x 120° Transformador multi-paso incorporado 70V/100V Disponible en cualquier color RAL

ARCO-4-T  
ARCO-24-T  
ARCO-12 SUB

### Professional Installation

La serie Arco es una línea de sistemas de dos vías caracterizada por sus reducidas dimensiones y bajo peso.

Está realizada en plástico ABS de alta resistencia al impacto y resulta especialmente indicada para aplicaciones de música ambiente y megafonía en espacios comerciales (tiendas, boutiques, cafeterías) y aeropuertos.

The Arco Series is a line-up of 2-way systems for background/foreground music and paging applications that are both compact in size and light in weight.

Ideal for reproducing music program in retail stores, lounges, boutiques, boardrooms, airports, and convention centers.

## ARCO-4-T

Puntos Clave	Sistema amplia gama de dos vías 1 x altavoz 4" con cono de polipropileno 1 x tweeter de neodimio de 19 mm Recinto inyectado en plástico ABS Soporte de pared/techo ajustable incluido Transformador multipaso preinstalado

## Electronics

Los amplificadores DX-Series presentan cuatro modelos, los DX-100, DX-100I, DX-80 y DX-80I.

Estos amplificadores de altas prestaciones poseen una combinación perfecta de potencia y funcionalidad que los hacen ideales para la mayoría de las aplicaciones de refuerzo de sonido.

The DX-series of power amplifiers consists of four models, the DX-100, DX-100I, DX-80 and DX-80I.

These high performance power amplifiers deliver the ideal blend of power and functionality that make them the optimum choice for both live and installed sound applications.

PA-1500  
PA-2700  
PA-4000

## Electronics

La serie de amplificadores PA ofrece una tecnología ampliamente contrastada.

Está formada por cinco modelos construidos en robustos chasis de acero de 2U y potencias de salida que van desde los 250 W por canal hasta los 2100 W por canal.

La serie está ideada para satisfacer las necesidades reales de audio con una máxima eficiencia en costes tanto en instalaciones fijas como en aplicaciones móviles.

The DAS PA series of amplifiers offers a tremendous value in proven amplifier technology.

The line consists of five models in rugged 2U steel chassis with powers that go from 250 W per channel to 2100 W per channel.

The series is engineered to meet demanding audio requirements reliably and still remain within budget in both permanent installations and mobile applications.

## Electronics

Los procesadores de señal DAS han sido diseñados para un perfecto control de funcionamiento en una amplia gama de sistemas de refuerzo de sonido DAS

Los procesadores digitales de la serie DSP ofrecen un óptimo rendimiento y equilibrio entre vías.

The DAS electronic signal processors have been designed for control and operation of a wide range of DAS sound reinforcement systems.

The digital DSP Series, provide optimum performance and spectral balance between the ways.
